INCIDENT OBJECTIVES (ICS 202)		
Incident Name: SARS-COV-2nd Deployment	Operational Period: Date From: 20 NOV 2020 Date To: 21 MAR 2020 Time From: 1400 EST Time To: 1400 EST	
Objectives: <ol style="list-style-type: none"> 1. Keeping the IAP up to date 2. Boosting the moral of the team 3. Support all ground units 		
Operational Period Command Emphasis: <ul style="list-style-type: none"> • We are here to support and assist those who risk their lives trying to save others. This job is already stressful enough so we want to be able to lighten the load for those already out there. We need to keep these responders in our hearts and prayers. Missing the holidays can be very hard for people, so by giving them the best information possible, we are ensuring that they make it home safely to their loved ones. 		
General Situational Awareness: <ul style="list-style-type: none"> • Avoid large gatherings of any kind. • Use of proper PPE. • Minimize maskless contact. • Wash/ Sanitize hands as best as you can. • Be cautious and aware of the situation that we are in.

SAFETY MESSAGE / PLAN (ICS 208)		
Incident Name: SARS-COV-2nd Deployment	Operational Period: Date From: 20 NOV 2020 Date To: 21 NOV 2020 Time From: 1400 EST Time To: 1400 EST	
<p>Safety Message / Expanded Safety Message, Safety Plan, Site Safety Plan:</p> <p><u>Make sure doctors, nurses, etc who are treating people with the coronavirus have proper PPE</u></p> <ul style="list-style-type: none"> ● Surgical N95 respirator, FFP2 respirator, P100 or higher rated respirator with eye protection ● Face masks are an acceptable alternative until the supply chain is restored. Respirators should be prioritized for procedures that are likely to generate respiratory aerosols, which would pose the highest exposure risk to HCP. ● Eye protection, gown, and gloves continue to be recommended. ● If there are shortages of gowns, they should be prioritized for aerosol-generating procedures, care activities where splashes and sprays are anticipated, and high-contact patient care activities that provide opportunities for transfer of pathogens to the hands and clothing of HCP. ● When the supply chain is restored, fit-tested EMS clinicians should return to use of respirators for patients with known or suspected COVID-19. ● Eye protection should be face shield (fully covers front and side of face) or goggles (Surgical masks with plastic eye lenses are not appropriate PPE) ● Use a clean, non-sterile, long-sleeved, fluid-resistant gown ● Separate infected from other residents until 24 hours after the respiratory illness symptoms are gone ● BVMs and other ventilatory equipment should be equipped with HEPA filtration to filter expired 		

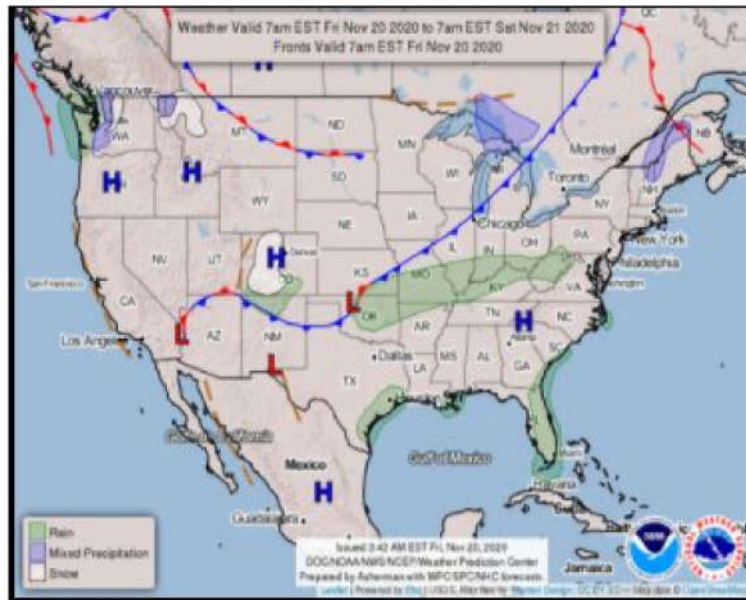

air

- Documentation of patient care should be done after EMS clinicians have completed transport, removed their PPE, and performed hand hygiene
- Recommended hand sanitizer:
 - Purell® Instant Hand Sanitizer. ...
 - Avant™ Original Instant Hand Sanitizer. ...
 - ECOLAB Quik-Care™ Foam. ...
 - Safetec Instant Hand Sanitizer (Fresh Scent) ...
 - Ecolab Endure 300 Cida-Rinse Antimicrobial Gel. ...
 - HandClens Alcohol-Free Sanitizing Foam. ...
 - PDI Sani-Hands® Instant Hand Sanitizing Wipes.

US National weather map Forecast

Forecast is clear until Thursday and Friday

- Some counties in Wyoming still **don't have travel bans, or a mask mandate**
- **Hospitals still allow visitors**
- Not everyone in Wyoming believes in coronavirus

SAFETY ANALYSIS (ICS 215A)		
Incident Name: SARS-COV-2nd Deployment		Operational Period: Date From: 20 NOV 2020 Date To: 21 NOV 2020 Time From: 1400 EST Time To: 1400 EST
Incident Area	Hazards / Risks	Mitigations
Various areas	Limited PPE	Good hygiene practices
	Limited Personal resources	Ensure everyone is trained in proper usage of tools and safety equipment. Help others if you finish your tasks.
	Limited masks/ventilators	Tap into the National reserve stockpile
	The virus spreads in more populated areas	Ensuring anyone entering the hospital is essential and needs to be there, also make sure they social distance and wear a mask. If needed provide temporary walls in the hallways to separate staff from patients who are residing in the hallway
	Coughing and sneezing Carries the virus	Always keep your mask on, when coughing or sneezing, do not remove your mask and put your arm over your mouth/nose
	Corona droplets take 70 minutes before they can be cleaned off whatever surface	Plan your day carefully, so you have time to go back 70 mins later and clean. Or you could set a timer
	Hospitals what are understaffed and overbooked allow visitors	Provide as much professional assistance towards patients as possible, take over the hospital and change rules (mask rule full enforcement, no visitors)
Possible Co-Contributors: <ul style="list-style-type: none"> - Some people do not believe in coronavirus - Not all counties have a mask mandate - Limited PPE 		
Notes: <ul style="list-style-type: none"> - Covid-19 virus can be transmitted in areas with hot and humid climates (Wyoming has been in droughts and dry periods recently) - Cold weather and snow cannot kill coronavirus

SECURITY MESSAGE / PLAN (ICS 208A)		
Incident Name: SARS-COV-2nd Deployment	Operational Period: Date From: 20 NOV 2020 Time From: 1400 EST	Date To: 21 NOV 2020 Time To: 1400 EST
Security Message / Expanded Security Message, Security Plan, Site Security Plan:		
<p>-Security Message)</p> <p>Security needs to be tight and kept up daily. Every person must have a way to contact any security officer incase of any suspicious people(s). The public knowing that there are government workers on base may cause more of a threat.</p> <p>-Gillette, Wyoming)</p> <p>There is no updated annual report so this information is based on 2013. The main issue of the Gillette community is drug crimes, theft and traffic safety. 98% of citizens are pleased with the speed their call is taken care of. 95% were pleased with how fast an officer responded to their call. Drug crimes have gone up over the years but traffic incidents have declined. As of today the main issues of Gillette are drugs and theft.</p> <p>Again, no updated crime reports As of September 4-11 (weekly report), between that time, there were</p> <ul style="list-style-type: none"> • 2 domestic violence arrests 4 theft reports (2 arrests) 4 assault reports (4 arrests) 1 poaching arrest 2 DUI arrests 1 shoplifting arrest 2 vandalism reports 3 drug involved arrests <p>There is a 1 in 570 chance that a person can become a victim of a crime in Gillette. (Per 1000 people) Gillette, WY has fewer crimes than Middletown, CT. Middletown reports up to 34-42% more crimes annually, than Gillette. Population size in Gillette is approximately 32,000 and Middletown has approximately 47000</p> <p>Sex Offenders: According to the 2019 Wyoming Sex Offender Registry Annual Report, Campbell county had a total number of 223 registered sex offenders living in the county at the end of the year 2019. This number was up from the year before when Campbell county had 203 registered sex offenders living there. Campbell county is home to the fourth largest registered sex offender population in the state of Wyoming.</p> <p>Arrests: According to the county 17 website, Gillette has had 61 arrests over the past two weeks. This number may fluctuate due to some cases being marked as unidentified. The worst crime committed over the past two weeks in Gillette was on November 11 when Brennan Baker was charged with a string of crimes including assault and battery, identity theft, Unlawful possession-meth or Schedule 1 or 2 narcotic. If convicted there is a chance Baker may be sentenced to prison time. The most serious crime committed over the past month in Gillette was on November 10 when Holly Cruz was charged with Unlawful possession-plant from less than 3 ounces, expired registration, DWUI alcohol and controlled substance, unlawful possession-powder or crystalline form less than 3 grams. If convicted of these offenses Cruz may be charged with multiple felonies.</p> <p>Prisons and Jails:</p> <ul style="list-style-type: none"> • Laramie County Jail. 1910 Pioneer Ave, Cheyenne, WY 82001. Phone: (307) 633-4700 • Wyoming Department of Corrections. 1934 Wyatt Dr # 100, Cheyenne, WY 82002. Phone: (307) 777-7208 • Corrections Department. 700 W 21st St, Cheyenne, WY 82001. Phone: (307) 777-7405 <p>Police Departments:</p> <ul style="list-style-type: none"> • Cheyenne Police Department. 415 W 18th St, Cheyenne, WY 82001. LOGISTICS MESSAGE / PLAN (ICS 208B)	
Incident Name: SARS-COV-2nd Deployment	Operational Period: Date From: 20 NOV 2020 Date To: 21 NOV 2020 Time From: 1400 EST Time To: 1400 EST
Logistics Message / Expanded Logistics Message, Logistics Plan, Site Logistics Plan:	
<p>Schools</p> <ul style="list-style-type: none"> - The schools in Campbell County are still open. If a student has gotten a case or has been in contact with a person who has been diagnosed they are to contact a health care provider and the school is sending everyone home for 2-5 days. This is active to let the school get a deep clean in the classrooms that the student(s) were in. - As of now there are no records of Wyoming schools being closed due to covid-19 since they reopened for the start of the year in August 25th 2020 <p>Travel</p> <ul style="list-style-type: none"> - The greatest population of Wyomingites live in either Campbell or Laramie county. - At this time there are no travel restrictions for this state. There have been mask orders for Albany, Carbon, Converse, Goshen, Hot Springs, Laramie, Lincoln, Natrona, Park, Sheridan, Sublette, Sweetwater, Teton, washakie county. Wind River Reservation also has no travel restrictions. - The counties that have not been ordered or approved are <i>Big Horn, Campbell, Crook, Fremont, Johnson, Niobrara, Platte, Uinta, and Weston.</i> <p>Sports</p> <ul style="list-style-type: none"> - Per order of the Wyoming High School Activities Association (WHSAA) all fall sports will start on time as of 7/28/2020. As of 11/16/2020 both wrestling and basketball are continuing their seasons. Both sports have rules and regulations to allow them to keep practicing. They have rules on each team bringing their own medkits and other necessary items. Wrestling should be constantly cleaning and making sure face coverings are on at all times. The WHSAA encourages basketball players to not lick their hands then wipe their shoes. Also safe practices are required, each player should have a face covering and their own personal hygiene and hydration. <p>Stores</p> <ul style="list-style-type: none"> - Kum & Go convenience store and gas station located at 310 Skyline Dr, Gillette, WY 82716 and is open 24hrs, is a 2 minute drive from CCMH and has food and gas priced at \$2.21 regular, \$2.43 premium, and \$2.25 for diesel. *(these prices are over 24hrs old and may have changed)* The busiest time is around 3pm or 4pm A contact number is: +13076863703 - Walmart supercenter located on 2300 S Douglas Hwy, Gillette, WY 82718 and is open from 7AM-11PM and is a 5 minute drive from the CCMH. A contact number is:+13076821103 - Smith's Food and Drug is another store that people can use to get information and to run in and grab some supplies. Also, the store has a pharmacy so if you need last minute medical supplies that the hospital is running out on you can probably get it here. The address is: 906 Camel Dr, Gillette, WY 82716 a contact number is: +13076821103. The store is a 7-8 minute drive from the hospital. - The stores have encouraged people to follow the CDC guidelines and they encourage the employees to make sure crowding does not happen and they encourage everyone to try and keep the stores clean and hygienic. <p>Restaurants</p> <ul style="list-style-type: none"> - In the state of Wyoming restaurants are limited to wearing a mask at all times they are limited to the amount of people at a table no more than 8 unless they are in the same household. Before and after handling menus and money have to sanitize. The employees have to do a screening before shifts. Disposable menus not required - All customers must be 6 feet away from each other while waiting and sitting at a table. - All self-serve restaurants will only be opened if the food is pre packaged and the drinks are refilled in a different container. - All employees must be wearing a face covering, gloves, and must sanitize before they open, after they close and during the day. <p>Activities(recreational activities, etc.)</p> <ul style="list-style-type: none"> - If physical distancing measures are employed, gatherings for indoor events are limited to 25% of venue capacity with a maximum of 100 people. Gatherings for outdoor events are limited to 50% of venue capacity with a maximum of 250 people. - Faith-based gatherings are exempt from the rule. This includes church, funerals, parades, and other business get-togethers. 	

- **Playgrounds at businesses shall remain closed**
- **Dance and karaoke will not happen and the business should place some sort of sign stating that if you show or have any symptoms you can not enter.**
- **Gyms shall remain open on a limited plan. Employees shall remain 6 ft away from customers and all equipment must be wiped down. Hand sanitizer and hand wash will be available. Group classes will be limited to 25 people with equipment being at least 6 ft apiary.(preferably 10 feet). The pool and gym will be open only if there is 1 person per 120 square feet. Each person should get their own 10x12 square to do work.**

INTELLIGENCE MESSAGE / PLAN (ICS 208C)

Incident Name:
SARS-COV-2nd Deployment

Operational Period: Date From: 20 NOV 2020 Date To: 21 NOV 2020
Time From: 1400 EST Time To: 1400 EST

Intelligence Message / Expanded Intelligence Message, Intelligence Plan, Site Intelligence Plan:

Important news:

11,720,318 confirmed cases across the United States.
252,564 total deaths across the United States.
7,246,445 total people have recovered across the United States.
22,489 cases are from the State of Wyoming.
176 deaths are from the State of Wyoming.
14,906 recovered in the State of Wyoming.
3,680 probable cases in the State of Wyoming
2,213 confirmed cases in Campbell County
206 Probable Cases in Campbell County
7 COVID Related Deaths in Campbell County

About the virus:

- The symptoms of the virus are coughing, high fevers, and shortness of breath.
- The symptoms can take 2-14 days to show up.
- Keep a 6ft radius of any person showing symptoms of COVID-19
- The virus spreads by person to person contact
- The virus can live on a surface for up to 9 days
- The virus seems to spread through communities the fastest. (CDC)
- Viability may last for hours or days on surfaces, current evidence suggests

There is a vaccine being created; so the CDC recommends:

- Avoid close contact with people who are sick.
- Avoid touching your eyes, nose, and mouth.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe.
- Avoid touching deceased bodies that have currently died due to COVID-19
 - This is a precaution due to lack of knowledge on the spread of the virus (CDC)

How to stay safe and prevent the spread of the virus:

1. Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing.

2. If soap and water are not readily available, use an alcohol-based hand sanitizer with at least 60% alcohol.

3. For disinfection, alcohol solutions with at least 70% alcohol or [any common EPA- registered disinfectants](#)
4. Wear a mask and practice social distancing of at least 6 feet

Information about Gillette

Gillette dubbed themselves the “Energy Capital” because they produce almost 35% of the nation’s coal!

Energy	Department of Energy	The department of energy is activated at level 3 have been virtually supporting the NRCC and FEMA regions V IX and X and in the rest of the regions DOE is monitoring and staying in close contact with states in their designated regions to identify needs also CESER are advising companies to remain vigilant to cyber security threats including covid 19 themed phishing emails and to ensure latest guidelines are provided to the organization.

Public safety and security	Department of Homeland Security	<p>The Department of Homeland Security (DHS) protects the public and ensures their safety as the federal-level department of public safety. This department is responsible for federal supervision of emergency services for major disasters through the Federal Emergency Management Agency (FEMA). During the COVID-19 outbreak, the DHS has implemented punitive measures to ensure public safety. On April 15, Operation Stolen Promise was launched. This operation is working to target COVID-19 related fraud and other criminal activity related to the virus. The department has been working to stop financial fraud schemes targeting vulnerable populations and intercepting fake medical supplies, saving American lives.</p>
